## LEGISLATIVE COUNSEL'S DIGEST

SB 1029, Hertzberg. California Debt and Investment Advisory Commission: accountability reports.

Existing law establishes the California Debt and Investment Advisory Commission to, among other things, maintain contact with state and municipal bond issuers, underwriters, investors, and credit rating agencies to improve the market for state and local government debt issues and to assist state and local governments to prepare, market, and sell their debt issues. Existing law requires the commission to collect, maintain, and provide comprehensive information on all state and all local debt authorization and issuance and to serve as a statistical clearinghouse for all state and local debt issuance.

This bill would additionally require the commission to track and report on all state and local outstanding debt until fully repaid or redeemed.

Existing law requires the issuer of debt of state or local government to submit reports to the commission, within specified timeframes, of the proposed issuance of debt and of final sale, as provided.

This bill would require that the report of proposed debt include a certification by the issuer that it has adopted local debt policies, which include specified provisions concerning the use of debt and that the contemplated debt issuance is consistent with those local debt policies.

This bill would also require a state or local public agency to submit an annual report for any issue of debt for which it has submitted a report of final sale on or after January 21, 2017. The bill would require the annual report to cover a reporting period of July 1 to June 30, inclusive, and to include specified information about debt issued and outstanding and the use of proceeds from debt during the reporting period. The bill would require that the report be submitted within 7 months after the end of the reporting

period by any method approved by the commission. The bill would require the commission to consult with appropriate state and local debt issuers and organizations representing debt issuers prior to approving any annual method of reporting pursuant to these provisions, as provided.

This bill would make various findings and declarations regarding its provisions.

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) California's 4,200 units of local government have issued \$1.5 trillion in debt since 1984. The California Debt and Investment Advisory Commission (CDIAC) was created in 1982 to provide information, education, and technical assistance on debt issuance and investments to local public agencies and other public finance professionals. Over the past three decades, CDIAC has emerged as a national thought leader in public finance.

(b) Nationally, there is approximately \$3.7 trillion of state and local government debt outstanding. Of all outstanding state and local government debt, approximately 75 percent is held by households and mutual funds owned predominantly by households. State governments, local governments, and their stakeholders benefit from better data about public debt. Transparency on public debt promotes better government and market integrity. It is in the interest of the people that state and local agencies utilize technological opportunities to provide transparency to the public.

(c) State and local agencies should adopt comprehensive written debt management policies pursuant to the recommendation of the Government Finance Officers Association, a professional organization of over 18,000 public officials united to enhance and promote the professional management of governmental financial resources. These policies should reflect local, state, and federal laws and regulations.

(d) It is the intent of the Legislature that all debt issuance of state and of local governments be published in a single, transparent online database that allows the citizens of California to analyze, interpret, and understand how debt authorized by the public is utilized to finance facilities and services at the state and local level.

SEC. 2. Section 8855 of the Government Code is amended to read:

8855. (a) There is created the California Debt and Investment Advisory Commission, consisting of nine members, selected as follows:

- (1) The Treasurer, or his or her designee.
- (2) The Governor or the Director of Finance.
- (3) The Controller, or his or her designee.

(4) Two local government finance officers appointed by the Treasurer, one each from among persons employed by a county and by a city or a city and county of this state, experienced in the issuance and sale of municipal bonds and nominated by associations affiliated with these agencies.

(5) Two Members of the Assembly appointed by the Speaker of the Assembly.

(6) Two Members of the Senate appointed by the Senate Committee on Rules.

(b) (1) The term of office of an appointed member is four years, but appointed members serve at the pleasure of the appointing power. In case of a vacancy for any cause, the appointing power shall make an appointment to become effective immediately for the unexpired term.

(2) Any legislators appointed to the commission shall meet with and participate in the activities of the commission to the extent that the participation is not incompatible with their respective positions as Members of the Legislature. For purposes of this chapter, the Members of the Legislature shall constitute a joint interim legislative committee on the subject of this chapter.

(c) The Treasurer shall serve as chairperson of the commission and shall preside at meetings of the commission.

(d) Appointed members of the commission shall not receive a salary, but shall be entitled to a per diem allowance of fifty dollars (\$50) for each day's attendance at a meeting of the commission not to exceed three hundred dollars (\$300) in any month, and reimbursement for expenses incurred in the performance of their duties under this chapter, including travel and other necessary expenses.
